SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

September 14, 2007 (Revision)

Permit Number: OCRM-07-209-R
Permit ID: 59084

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Michael Murphy
C/O Docks Unlimited
PO Box 349
Mount Pleasant, SC 29465

LOCATION: On and adjacent to Charleston Harbor at 205 Ferry St, Mount Pleasant, Charleston County, South Carolina. TMS#: 532-05-00-020.

WORK: The work as proposed and shown on the attached drawings consists of making repairs and improvements to an existing dock. Specifically, the applicant seeks to replace the decking on the existing 660' walkway, replace the existing 10' x 20' pierhead with a 20' x 20' pierhead (slightly relocated in the revision), and channelward of the pierhead, replace a 3' x 20' ramp that will access a rebuilt 10' x 20' floating dock. Ebbside of the pierhead, a new 12' x 12', four-pile boatlift and 3' x 46' "L"-shaped catwalk is proposed. The work as described is for the applicant's private, recreational use. **Please Note:** This application is being renoticed due to a change in pierhead alignment and the addition of a catwalk from the original notice of July 27, 2007; the original public notice drawing is attached FYI. **Please Further note:** This proposed activity is a candidate for the Army Corps of Engineers general permit, 2006-10-001.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before September 29, 2007. For further information please contact the project manager for this activity, Tess Rodgers at 843-953-0233.

Channelward of the pierhead will be a 4'x25' ramp leading to a 10'x30' floating dock with a 10'x12' pwc float off the left. Also, proposed is a 12'x12' four pile boatlift to the left of the pierhead. The purpose of the dock is for the applicant's private recreational use. **The existing old dock will be removed prior to construction.**
